

HUNGER

Sir Jack ran away from the Jail. One of the policemen came to the head office and started to Complain about Jack. All Policemen started a search mission on Jack. All Department cars were in charge to catch the jack but Unfortunately he left the city. "Why are you sad Mr. Parkour" head of the Policemen came and asked Mr. Parkour what happened to him. "You know that bloody Jack ran away from the Prison" Mr.Parkour told the head of the Policemen Now what he will do in the city. "Ohh Please be Calm nothing will happen you don't know the real story of Jack he is a Nice guy before that incident" Head of the Policemen Robert Harvey told Mr.Parkour.

Mr.Parkour: Incident? What do you mean ?

Robert Harvey: Come on, we can have a sit and talk about it.

Very long time ago in the City "Bargue" which is near the ocean there was a huge blast in a Home. Where Mr and Mrs. Harvey lives together with their new born baby boy. Mr B Harvey was a very pleasant person and very sincere to his passion and work. He was a retired army man and a Social worker; he was everything to poor and needy people. But one day some shit mindset people put a Bomb in their home and In the middle of night it exploded.

"Mr. Parkour: Mr B Harvey is he related to you?

Mr. Harvey : Yes, He is my elder brother.

Mr. Parkour: Who put a bomb in their home, how did Jack survive and how did Jack become evil?

Mr. Harvey: Listen me first 🖐️"

That time Jack was with me in Hospital because my brother and Mrs.Harvey were busy that time. When I arrived at their home there was a fire brigade, Ambulance, Police force and a huge bunch of people. All I could do was sit silently and control my feelings. Then people talk about Jack Noone knowing that he was with me. They thought he was also killed in this blast. And, I decided to take care of him and make a Responsible boy and solve the case. He sat with me. Due to his resposibility i never engaged and always take care of him. He was brilliant and one in a billion.He used to follow me in my Job and I was happy he is interested in helping others. He used to go to school and live a normal life as a kid. He was a topper of his class and even good at sports like my Brother. One day Jack fell in Love with Lucille. She was everything to him. Lucille also cares for Jack and feeds him like his mother. Care for him like her son and take care of him as her LifePartner. She also fell in love with Jack. She knows everything about Jack. Who is he? What is his past? I told her everything about him. I thought she would also take care of him as I do but it was my biggest mistake.So one day we went to meet her parents. Her parents Asked about his real parents. But Jack was unknown about that. He thought that I am his own Father and Lucille told everything about Jack to her parents. Jack was shocked and looked at me. He even told he is my real biological Father. Lucille parents laugh The person who never married in his entire laugh is you own Biological father what a stupid word.

"Please shut up" Lucille said it in anger. Jack stood and went out. I joined my hand and said "Thank you for your Rude behaviour instead of this you can reject him happily". I went home but he was not there He disappear suddenly and came after few month. I slap him and asked where did you go He told He knew everything about his parents I was shocked who told you he never mentioned it but He told me another thing that he love a girl who love him better than Lucille. I asked him how do you meet her. He explained me that

" When he left the house of Lucille he totally suffered from depression and even he didn't know what the topic discussed there. When he was sitting alone in the park one girl came wearing a mask and sat beside him. They talk about their family, problems, and even the girl also leaves her house. He asked her why she left your home. She said that she wasn't beautiful so her parents kicked her out of home. Then he requested to open her mask. Her face looks burned and her 1 eye was totally destroyed. Her hand looks a little bit dirty. She covered it again. Then they talk and live in a little apartment where they are engaged. The girl was shocked how he loved her when she showed him her real face. They used to care for each other. Jack was tired oneday and that girl took care of him so their love increased more than before. He decided to call her home and introduce me. She was shy and felt a little difficult to talk with me. She was good looking in her behaviour seems like her family were very respectable

Mr. Parkour : Who was she sir? How did she meet Jack

Mr. Robert : None other than She was you own daughter who was killed and her body piece was thrown rapidly over garbage and you are searching her since few year

Mr.Parkour can't think of anything. He can't Hold his body. He took a deep breath and closed his eyes and took a sip of water. He was just controlling his feelings. He shouted like hell and started to cry. "Sir why did you hide this from me and why are you supporting Jack" where is my girl? He cried by shouting her name Emma. Mr.Robert told that

After a few years Emma showed some abnormal behaviour. Then Jack took her to the hospital and then He never returned home. When I went to the hospital where Jack had an appointment They told me that they never arrived and I was like bloody hell he again ran away. I was thinking why he did that , then I remembered there was a microphone and a camera in the car which can be heard with my special earphone. I took and adjust it in my ear there was like

Emma told to Jack

"Jack, I want to say something to you. I have seen your parents photo that hang over in wall in you home"

Jack was shocked how she know my parents
He asked her
How do you know them

They died because of me. I was the one who killed them in a blast. And I lied to you that I am smaller than you when that bomb blast happened. I was 12 years old and I am older than you. One moustache man came to me and said "come on let's play a game i will give you a bag then put it there and come fast toward me" I do the same but after i ran toward him he was not there i search him. After a few minute bomb blast and I was scared I turned back and saw that one house was totally destroyed and I ran there quickly. When my father, I wanted to tell him the truth but your father was a respectable person, my father told me and he even called the department and said no one should be alive who are mixed in their group. Do not show mercy if they are kids. Then I was quiet and after a few times I heard one small boy was inside the house and I ran quickly to save him but my face burned properly after that incident my face map changed forever and I accept it as my faith. And i get my punishment as my consequence so from that day i leave school and start to sat at home"

Jack was silent and Emma also stopped there. Emma. Cried, forgive me Jack told her who that man was. Do you know him? She said that she doesn't know him but she knows that his name is Robert and showed his young photo to Jack.

Suddenly Mr.Robert came and cut the Neck of Emma and when Jack Came out of his Car and pulled Mr.Robert color he threw him in a dense cave attacking him with a rod in his back side. He raped Emma dead body and took out his knife and start to cut her body frequently and Throw some body in jungle, some body organ in pit and some body he burnt. After a few minutes he called the police force and ordered them to arrest Jack and remove all evidence from there.

Mr.Parkour: Why do you kill your own brother

Mr.Robert: Because he try to stop one of our business that i have done with my business partner

Mr.Parkour: which friend sir

Mr.Robert: The one in front of me

Mr.Robert and Parkour laughed and hug each other don't worry he will be caught i have implanted some bug and laser radiation which make him unconscious after a few minute Now leave this topic and Came to my house
We will enjoy there
I have called 3 Hot items there. Robert laughed

And in another scene
Jack body was floating in water seems like he is dead
